

CALL FOR PROPOSALS

Enhancing Teaching & Learning Conference
Saturday, March 2, 2019
Cleveland University-Kansas City

DEADLINE FOR PROPOSALS:

December 14, 2018

Enhancing Teaching and Learning...

An Act of Service

Proudly brought to you by KCPDC

The 2019 Enhancing Teaching & Learning Conference is a Kansas City Professional Development Council (KCPDC) professional development event that provides an opportunity for educators to share their successes in and out of the classroom. Through concurrent 50-minute sessions, presenters are encouraged to be creative in an attempt to appeal to a broad audience. Popular conference presentation themes include:

1. **ENGAGING STUDENTS** - How do you do it? Examples may include increasing student interaction, techniques for making learning fun, experiential learning, learning communities, or thinking outside the box.
2. **TECHNOLOGY IN THE CLASSROOM** - Do you use technology in the classroom? Examples might include new technology, effective use of the Internet in the classroom, or making technology an effective part of teaching.
3. **ASSESSING TEACHING AND LEARNING** - What are the methods you use for assessing teaching and learning? Examples may include methods for assessment design, assessment for learning, assessment technologies, student involvement, or assessment feedback.
4. **PROFESSIONAL DEVELOPMENT RESOURCES FOR FACULTY** - Aside from campus resources where else can faculty turn for professional development? Where can faculty find information/training on active learning, instructional technology, course design, learning styles, assessment techniques, writing to learn, flipped classrooms, and other resources?
5. **THE ROLE OF SERVICE IN THE LEARNING ENVIRONMENT** – How does your school use service learning to enhance students' educational and professional experiences? How can students use real-life situations to enrich their academic experience?

Proposals submitted through the link below which containing the following information will be considered for inclusion in the conference. <https://form.jotform.com/83186643303153>

- Your name and contact information.
- Title and a 120-word summary of your proposed presentation.
- Presentation theme or track.
- A description of AV equipment you will need.

For additional information, contact our Conference Chair or any KCPDC Representative.
